

## Quick Start Guide for OBAR LTE Cellular Gateway

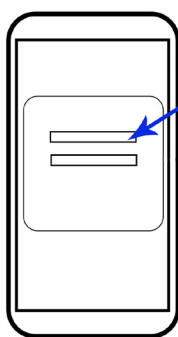

# Simple Setup

1.

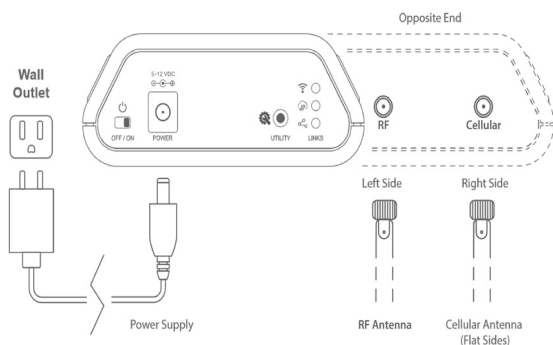

Use the QR code to the right of the image to download the OBAR Instruments app. Alternatively, you can search for OBAR instruments Google Play or the Apple Store.

2.

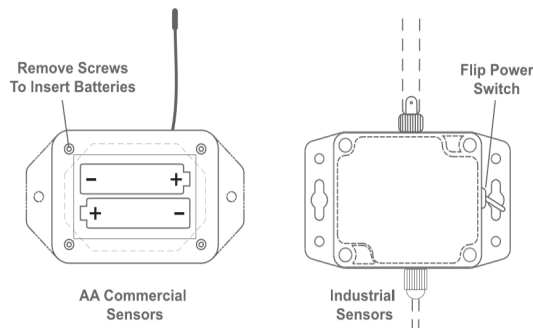

Follow the in-app instructions to add devices to your account.

3.

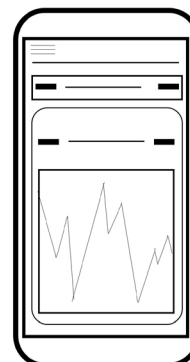

Connect the antennas and power cord to your wireless gateway. All lights should turn green.

4.

Insert batteries or use the switch to power on the wireless sensors.

5.

Obar is the easy way to view your sensor data and customize your sensor settings in the app or online at [obarinstruments.com](http://obarinstruments.com)
